Don't tell Mr. Blackbourne!

C. L.

Warning – spoilers ahead!

General Series Questions

1. *Will the short scene The Sound of Snowfall be a chapter in First Kiss?*
 - A. Yes. At first, it was going to be the first chapter, but after Sugar, I'm going to need the first two chapters or so to wrap up some school stuff before the Christmas holidays. So assume that's chapter three or four.

2. *I read the excerpt at the end of book 9. Will she finally tell them about her fear of showers in book 10? #DYINGTOKNOW*
 - A. First Kiss addresses this thing head on, and everyone will know. How they find out is the interesting part. ☺

3. *All I wanna know is: Is this a Happily Ever After with Sang ending up with ALL nine of the Blackbourne team? I get nervous that in the end all the guys I love won't be with Sang!*
 - A. This is a happily ever after story. It does all work out. How it works out is still up in the air, but we're figuring that part out along the way.

4. *That family meeting they were supposed to have didn't happen yet in book 9, so will that be in book 10 or are they not having it? (Gotta love it when they're all together.)*
- A. It's going to start happening soon. Most likely in First Kiss, but it might not cover 'the plan' since Kota's still not been informed. That might come later, and also when Sang's more on board with it.
5. *Does Volto like Sang? Like... Like her, like her? (Again, just wondering.)*
- A. Probably. ☺
6. *How many more books until Volto is revealed, this is literally all I think about :)*
- A. We probably won't know who Volto is until the end of Sang's school year.
7. *Was the girl who wrote on Luke's arm Kayli?*
- A. Nope. Kayli wouldn't be interested in Luke. ☺
8. *I was wondering why the Academy doesn't want Silas to focus on marine biology while Axel seems to be a marine biologist at the aquarium. Is there a double standard, or was Silas mistaken about how they felt?*
- A. The Academy wants you to dive into whatever you want. Silas is encouraged to follow, but the Academy suggested he also have 'a backup' as there's not a whole lot of opportunity in marine biology. It's not so much trying to hold him back, but more like they want to encourage more learning. If he was really devoted to it, the Academy will encourage it 100%. Also, Silas is 16 and really doesn't know what he for sure wants to do. He likes boats. He likes the ocean. Marine biology made sense for a while, but he'll figure out soon he doesn't need to pick marine biology just because he likes the ocean. There's other work to be done around it.
- Axel lucked into his work, and just kind of goes with the flow as far as what he wants to do. He likes biology and science in general, which is why he can switch from a more physics science like guns, to a more biology one like his fish. He likes genetics, too. He doesn't make a lot of money in it, other than when he writes academic papers. So he's way more academic than really 'this is what I do'. He just likes learning and doing research.

9. *Is Sang ever going to meet Dr. (Sean) Green's parents? (And if so how will he introduce her?)*
- A. Eventually and with dread on Dr. Green's part. It'll probably be requested by his mother to bring her to dinner once she discovers he's seriously dating a girl.
10. *I was wondering what's up with the snipping?!?!? In Liar Axel mentions the Academy gives dogs a choice to be snipped and birds get some kind of birth control! At 14! Why snipped? And does this mean the GB boys are "snipped" too? Will they tell Sang?*

A. It's birth control for teenagers. A lot of teenagers in the Academy don't have ideal parents, so some adults within the Academy sometimes act as stand-ins. They are, however, teenagers and very human and they go on dates like anyone else in real life. The Academy offers various birth control options as a way of being open and very aware of sexuality and that teenagers are interested in sex in general. Basically they sit down with doctors and are told their options, and a lot of the boys opt for getting snipped, not all, but a lot. It eliminates accidental pregnancy at young ages when they've got years of work and school ahead of them.

It also helps prevent any accidents as far as if they got tricked into something (and in their line of work, things can get strange). So if some girl comes along and tries to say 'he made me pregnant' it's highly possibly they are completely wrong and they'd have to really prove it.

People should know most doctors (in the real world) won't perform this if you're under 18, or even if you haven't had a child yet. The Academy is different and fantasy and you should always talk to your doctor about options.

They will tell Sang if things start getting sexual.

11. *Are Kota and the others snipped as well?*
- A. Yup. They had the option, and after a very long discussion, they took it.

12. *Is there a possibility of Blake knowing Victor, since they're both from affluent backgrounds?*
- A. They probably crossed paths a few times, but there's probably not that much interest in each other. Victor's in the music and arts world, and Blake entertains a bit but he doesn't often do those parties like he did. Just enough to keep him 'in the loop' as far as society goes, without putting himself out there often. Being single, he considers it more of a meat market for parents to pawn off their daughters to him.
- If Blake knew Victor was Academy, at this point he'd be more interested in getting to know him.
13. *I just finished reading Accessory and I was wondering if Blake is going to stay in the picture and will he eventually join the Academy? I mean, Kayli and Blake are getting semi-serious together but Kayli seems to love all the others too.*
- A. Blake is here to stay. He doesn't have to join the Academy to be in the picture, and for that matter, Kayli doesn't have to be in the Academy to stick around, either. ☺
14. *Is Sang ever going meet any of the guys' previous girlfriends?*
- A. Probably not. I'm not particularly interested in meeting any past girlfriends.
15. *What were Mr. Blackbourne's thoughts when Sang got closer to him at the country club?*
- A. He was worried they'd get caught, and in an awkward position, and being a teacher and older than her, he's not sure how that would look, and if it could lose his position within the school, and put them in any dangers. ☺
16. *Will Mr. Blackborne end up kissing sang? If so how would you make that happen? I kinda saw it that it would be super awkward and he would look like turtle doing the head thing.*
- A. Eventually and it'll happen when it'll happen. I don't mean to be mean about it or anything, but Mr. Blackbourne is a very classic romantic, and he's not in a hurry.

17. *Is Kayli pregnant now?*
- A. Nope. ☺
18. *When will Kayli find out that Corey isn't really gay? & when will Corey get his kiss? I don't think it's fair that all the others have gotten not just a kiss but messing around too. He's basically her best friend and they have crushes on each other so hopefully they get to kiss in the near future.*
- A. She'll find out when he finally kisses her. Eventually. Probably soon. It's just getting him to make that move, and he doesn't want to press his luck in case he's wrong about her liking him.
19. *I was also wondering if Blake will be mentioning what he learned from Liam with the other guys? I know most of them don't like him and he kind of feels the same about them but will he at least mention it to Corey?*
- A. He'll probably talk to Kayli before talking to the others. I say this knowing I could be totally wrong and it could be the other way around, where they guys will all know before Kayli really considers it. He'd most likely get Corey on his side, as he's more open to this sort of thing, and it'll take a lot of work to get this team together.
20. *I was reading TOSOE again and I came across something. When Sang asks Gabriel whether McCoy was following her phone signal, Gabriel said someone was. Is that someone Blake and Doyle? Did Blake and Doyle contact McCoy because they think McCoy was kidnapped by the Academy? And now they are helping McCoy because McCoy fed them lies?*
- A. More than likely it was Volto, but Doyle wouldn't have to look hard to notice what was going on with Volto and Mr. McCoy and the others. If only he weren't busy. ☺
21. *I could only think of Doyle because Victor said the phone tracking signals on their phones are bouncing. So it would be hard for any normal person to just track the phone. But if Doyle is helping McCoy on Blake's orders then he can do something to track the real phone. Is it right? Are Blake and Doyle helping McCoy?*
- A. Nope. They aren't interested in Mr. McCoy. They have their own problems with a completely different Academy team. If Doyle's come across any of that, he really wouldn't have cared.
